Subject: Published discussion of the Xact Multi -Metals CEMS performance while at Lilly ..... Jacksonville IT3, 2011

---

Jeff,

I thought I would forward several recent publications by Lilly regarding our positive experience with the Xact multi-metals CEMS. We can discuss this and any questions you or Region V have on the conference call, but I thought the attached publications would provide documentation around our experience. I believe we (Lilly) have been very straight forward on our positive experience with the Xact and have published this quite a bit.

Once you get an idea of what day(s) and/or times next week work, I will schedule the call.

Rick
